Hi Gary,

Just a note of thanks for the superior service you and your company have given me on my projects over the last few years. I greatly appreciate that your company and crew:

- Are super service oriented
- Stand by your products
- Consistently price your products below your competition
- Jump through hoops to satisfy Metzler and our clients
- Are here on site the minute there is any kind of a glitch

I wish our other material suppliers were as supportive!

Many thanks,

Keith Wallis
Senior Project Manager
Metzler Contracting Co. LLC
